

# The Perfect Peel® Superblend Email Template For Practitioners

We are excited to announce the arrival of our latest skin rejuvenating treatment, The Perfect Peel® Superblend, an incredible hybrid chemical peel that works at both medium and superficial depths.

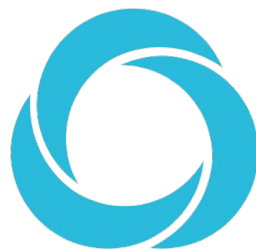

The Perfect Peel® Superblend is the UK's first medium-depth, medical-grade chemical peel to blend Glutathione with 8 acids and resorcinol to produce maximum results with minimal risks.

The Perfect Peel® Superblend tackles a variety of skin concerns, including fine lines and wrinkles, enlarged pores, acne and acne scarring, rosacea, sun damage and melasma. It is an inclusive peel that can be safely used across all Fitzpatrick scale types.

The peel requires no period of skin preparation, takes 15 minutes to apply, and after less than a week skin tone, texture and elasticity is visibly improved, with full results after 28 days.

- Improves tone and texture
- Brightens skin
- Reduces sun damage and age spots
- Improves the appearance of hyperpigmentation and melasma
- Reduces the appearance of pore size
- Softens fine lines and wrinkles
- Improves acne skin conditions and the appearance of acne scars
- Stimulates collagen production resulting in firmer skin
- Slows down the appearance of ageing and formation of wrinkles
