

The Perfect Peel Superblend Practitioner Blog Post

Looking to rejuvenate skin from the inside out? The Perfect Peel® Superblend is for you!

The Perfect Peel® Superblend is a hybrid peel, combining acids that work at both medium and superficial depths. Founded on Glutathione- the mother of all antioxidants- The Perfect Peel® Superblend blends 8 skin-loving acids into a formula that delivers maximum impact with minimal risks.

The Perfect Peel® Superblend tackles a variety of skin concerns, including fine lines and wrinkles, enlarged pores, acne and acne scarring, rosacea, sun damage and melasma. It is an inclusive peel that can be safely used across all Fitzpatrick scale types.

The peel requires no period of skin preparation, takes 15 minutes to apply, and after less than a week of downtime skin tone, texture and elasticity is visibly improved. Full results can be seen after 28 days, or 1 cellular renewal cycle.

Glutathione - Glutathione is the ultimate antioxidant, penetrating deep into the cellular level of the skin to fight oxidant damage and is the anti-aging answer to premature wrinkling.

Kojic Acid- a powerful lightening agent and proven to increase collagen and elastin production, resulting in skin that is brighter and tighter.

Trichloroacetic Acid (TCA)- Stimulates collagen production and treats pigmentation issues

Pure Retinol- Increases cellular turnover and boosts collagen production

Salicylic Acid- An oil-soluble BHA that goes deep into pores to remove oils and fight bacteria

Resorcinol- A highly effective exfoliator, great for acne

Vitamin C- A powerful antioxidant that neutralises free radicals

Mandelic Acid- collagen boosting and reduces pigmentation

Azelaic Acid- reduces inflammation and bacteria
